Post title (Share/URL Link Button at right side)
Body (formatting functions, image (size limit for 4 pics maximum) , YouTube video)
submit post with tags
Public comments (FB login)

**Other features:**

- Responsive theme, with the website wide length of www.gsmarena.com or www.phonearena.com
- Picture theme behind the search box (changeable like soundcloud)
- Tab highlight (Find Medicine Price is the default)
- Does form, strength and amount in bracket in the search suggestion (no filter button now)
- Open brand names in the graph in another page to see the price
- Load 20 shop each time and faster load
- Ad space ad at each tab
  - Two spaces for ad: [top + right (2)]
  - Dimensions: 120 × 728 pixels or 120 x 180 pixels @ top and @ right sides
  - Maximum File Size: 40k +/-
- Admin update or Backend update?
- Total/all code/programming/data backup, Periodical Backup? Update procedure? Security?
- Submit blogs/news with tag
- Words limit in doctor address box?
- See the filtering process of: [www.phonearena.com](http://www.phonearena.com)
- We were seen image logo (clickable)
- Brand partner logo (clickable to another page)
- Editable fields for doctor profile update
- Click on rating function
- See the rating icon: see rating\_icon.PNG
- New post/event/discount/ material button (red): see material button
- New search button. See refresh button
- General button: see general button pic

- RSB = “Rating on Social Branding”
- Sorry no information is available about this drug.
- Transparent tab bar. See : <https://www.basf.com/en.html>
- **Moving Quotes (side to side) and feed/update: see: <https://www.basf.com/en.html>**
- **Price filtering step by step**
  1. At first search by a Brand Name (appear of: Dosage form, Concentration and Volume will be in suggested list in the brackets)
  2. Look for corresponding Generic Name/ID and Dosage form
  3. Display a graph of a list of Brand names (by different companies) corresponding to that Generic Name/ID and Dosage form but with same Dosage form, Concentration and Volume .
  4. Show price graph
    - Filtering conditions to show graph: (see problem folder)
      - If no price show it at last or what??
      - If no concentration, filter with same volume (with that generic name and dose form)

- If no volume, filter with same concentration (with that generic name and dose form)
- If no concentration and volume, filter with same generic name and dose form
- No error message display
- ...suppose if we search for **Whitfield Ointment 10gm** (see the picture below, last row) in the search box... It will look for only **"10gm"** in the volume column...and if the value "10gm" is missing for that generic name, dosage form and strength, it will automatically remove that drug brand name from the graph (like Dermol, Ensal)...and the graph result for the situation below will be of only two companies...as **"10gm"** is only present twice in the picture below...

Unique's Whitfield (Unique pharmaceutical)  
Whitfield (Millat Pharmaceutical)

Darmol	G124	[Benzoic Acid 6% ; Salicylic Acid 3%]	C54	Cosmic Ch Cosmic ointment	Con.:		Vol.:		12	Piece(s)
Dermin	G124	[Benzoic Acid 6% ; Salicylic Acid 3%]	C112	Jayson Ph Jayson ointment	Con.:		Vol.:	25gm	1	Piece(s)
